

**Are you  
managing  
your land  
records?**

**Or are they  
managing  
you?**

CLS's Virtual Right of Way™ is an outsourced solution for all or part of your land records management.

Virtual Right of Way™ provides:

- Instant web access to all of your land documents through PowerTrak and GIS-enabled CLSLiNK.
- A team of experienced land consultants at your disposal.

Contact CLS today to learn how to take control of your land records management with Virtual Right of Way™!
